HR-128

Our largest single-axle reel, full of useful features.

- Articulating hitch to move hose from the front or back
- Direct Drive - no chains or sprockets. Power off or freewheel off without damaging hydraulic system
- Auto-tensioning function
- DP 200 controller for full operation inside the cab
- Precise controls allow adding slack to the line to easily spool couplers
- High flotation tires
- LED light package

Watch it in action with a brief overview of the features:

Maximum Capacity:

6" Hose - 16
8" Hose - 12
10" Hose - 8

A combination of features to allow operators to reel hose on the move.

Looking for a 3-pt reel like this? See the next page.

HR-88

Single Axle: HR-88S

The single-axle redesign of the original HR-88. Some of the features of the HR-128 but in a smaller package.

- Articulating hitch or level wind
- High flotation tires
- LED light package
- Articulation cylinders placed under the frame
- Optional rear hitch for pulling multiple carts

Maximum Capacity for both:

6" Hose - 12
8" Hose - 8
10" Hose - 6

Dual Axle: HR-88WT

Walking tandem dual axle version of the HR-88.

- Walking tandem axle
- Level wind
 - Controls located at back for clear line of sight
- Double chain drive

OTHER ITEMS

Universal Hose Humper

Easily move hose in the field with our hose humper, which is compatible with the standard range of hose sizes.

Can be raised vertically to allow the same tractor to also pull a hose cart simultaneously.

A-Frame Reel

Ideal for storing quantities of hose when not in use in the field.
