JD14 PUMP STATION

LASTING | INNOVATIVE | IMPERVIOUS
EST. 1971

QUALITY SYSTEMS, QUALITY SOLUTIONS

This pump station features a John Deere 14 Tier 4 engine providing you with 684 HP @ 2100 RPM, powering a 20" trim Cornell 81022 pump - which allows consistent pumping with up to 4" solids.

10" bypass with pig launcher - with hydraulic gate valves and controls all in a new and energy-efficient layout. Intentionally placed near the ground to reduce hose stress and make connecting easier.

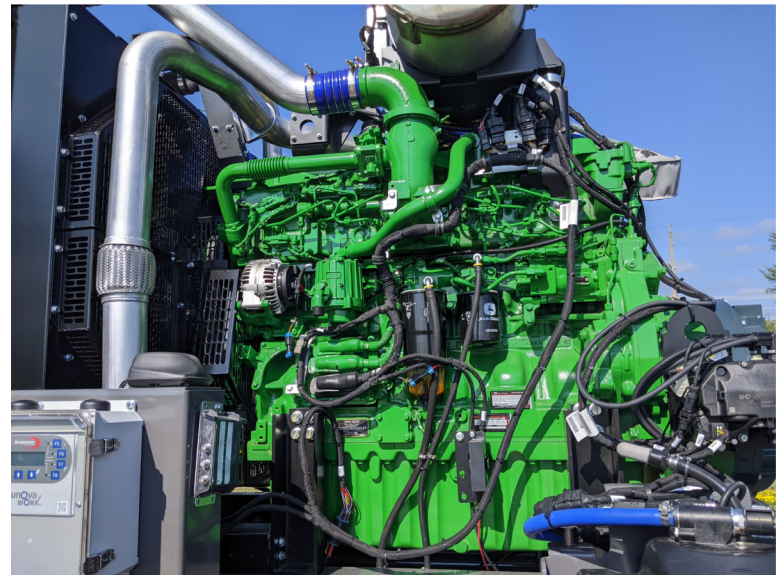

Easy-access design for simple servicing on both engine and pump. Pump can be easily disconnected from bypass for maintenance.

Additional Features:

- Electric valve and jack controls
- Broadcaster control pack-ready
- JD Link
- LED light package
- Hydraulic leveling jacks
- Electric brakes
- 400 gallon fuel tank built-in to trailer allows for 12hr runtime
