

MIN-TILL TOOLBARS

LASTING | INNOVATIVE | IMPERVIOUS
EST. 1971

MINIMUM-TILL TYPES

Scan to watch one of our rotary injection toolbars in action.

Specifications:

- Spacing: 18"
- Toolbar length: 20'-40'
- Rotary blade diameter: 7"
- Low HP requirements (varies)
- High down pressure applied on leading coulter for optimal ground penetration
- Closer disks can be pinned back for grassland application

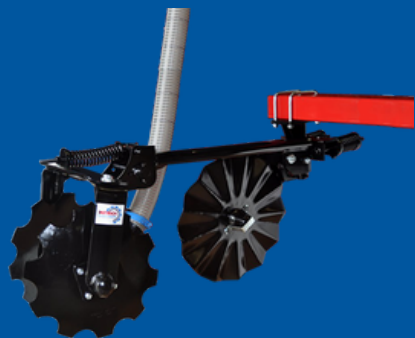

Dietrich Conical Blade Rotary Injector

Designed for durability, performance, and convenience with minimal disturbance

- Non-grease bearings in all hubs for maintenance-free operation
- All hi-tensile steel construction for weight reduction
- Designed to avoid weight transfer from drawbar
- 6" blade rock clearance to prevent breakage
- Heavy-pressure down spring
- Coulter swivels to reduce side loading
- Cup washers protect all seals
- Dual-roller bearings for longer life
- All service & adjustment can be done with 0.5" impact wrench

TOOLBARS

Hydro Manifold

Ensures equal flow to each injector regardless of GPM.

- Supports 2", 2.5", and up to 20x 3" outlets
- Cyclone dump for easy cleanout

Hydro Swing Tube *includes:*

Mounted Pig Shooter

Saves time by allowing you to blow out your hose without having to dismantle the manifold.

Double Swivel

Make tighter turns with no added stress to the hose ends.

Jag Swivel

Allows hose to untwist in tight turns at the ends of the field.

Krohne Flow Meter

Trusted name for ensuring accurate measurement of manure application.

Other Features

- Pull-type or 3-point hookup style
- Vertical or compact front-fold for road transport
- Transportation visibility package
- 360° work lights
- Flotation tires on 30'+ toolbars

QUALITY SYSTEMS, QUALITY SOLUTIONS

Our min-till toolbar options are ideal for where lower application rates are required.

Contact us today so we can work with you to build and configure the toolbar you need. **952-467-3100**

Quick-to-Quick Conversions

Are also available to make other toolbars compatible with a drag hose injection system.

Aerway retrofitting and different **Spraybar** configurations also available.
